PRESSURE SHIFTS TO DARDANELLES

England, France and Russia Call On Turkey to Clear Her Skirts Pretty Quickly for Affording Refuge to Two German Cruisers—Purchase Claimed, But German Flag Flies.

ALLIED POWERS CLASS TURKEY AS FAVORING AUSTRIA AND GERMANY

Sharp Note Sent Sultan to Bring Him to a Realization of Neutrality—French Capture Entire Section of German Army—2,000,000 Russians on Frontier of Enemy—Disastrous Naval Battles Reported.

By Associated Press.

London, August 14.—Great Britain, France and Russia have sent a sharp demand to Turkey for the immediate repatriation of the officers and crews of the German cruisers, Goeben and Breslau. It is reported that the two cruisers were met by Turkish vessels outside and escorted into the Dardanelles. There is no official confirmation of the actual purchase of the cruisers by Turkey, but the report to that effect is generally credited.

Paris, Aug. 14.—The allied governments opposed to Germany and Austria-Hungary have agreed to bring Turkey to a realization of its obligations as a neutral power in connection with her purchase of the German cruisers Goeben and Breslau. A report received here says that contrary to the statement of the Turkish government the German flag has not been lowered on the cruisers nor have their crews been permitted to go ashore since their arrival in Turkish waters.

The King of Greece has called a conference of his ministers to decide what Greece's attitude toward the Turkish government will be over the purchase of the cruisers. Reports from Italy say the purchase precludes a new position on the part of Turkey and in favor of Germany and Austria.

Brussels, August 14.—The German casualties in the engagement of Haelen Wednesday were 3,000 dead and wounded. During the fight the Germans were obliged to pass two bridges where they were exposed to the heavy fire. The retreating Germans left piles of dead and wounded. The same carnage occurred on the road from Threok to Healen where the German cavalry, exposed to the galling guns of the Belgians, fell in droves. The Belgian casualties were light in dead as the troops were well intrenched, but many were wounded.

The victory described above was followed by new and successful engagements near Noville-Taviers and Eghezee, about nine miles north of Namur on Wednesday and Thursday. These operations proved that the Germans are retreating further and that the allies, being steadily rein-

forced, are resolutely pushing ahead. Brussels is no longer in danger but the situation a few days ago was such that the eventuality of its occupation by the Germans was considered.

ON THE FIRING LINE

By Associated Press.

London, August 14.—An exchange of telegraph company's dispatch, in reference to fight between the Germans and French in the Vesges mountains says that an entire section of German troops, and not a division, surrendered with their machine guns. The French were victorious after 5 days' fighting.

London, August 14.—A dispatch to the Central News from Rome says reliable advices from St. Petersburg say Russian has mobilized 2,000,000 men on the German and Austrian frontiers; half a million on the Turkish and Roumanian, while 3,000,000 are held in reserve.

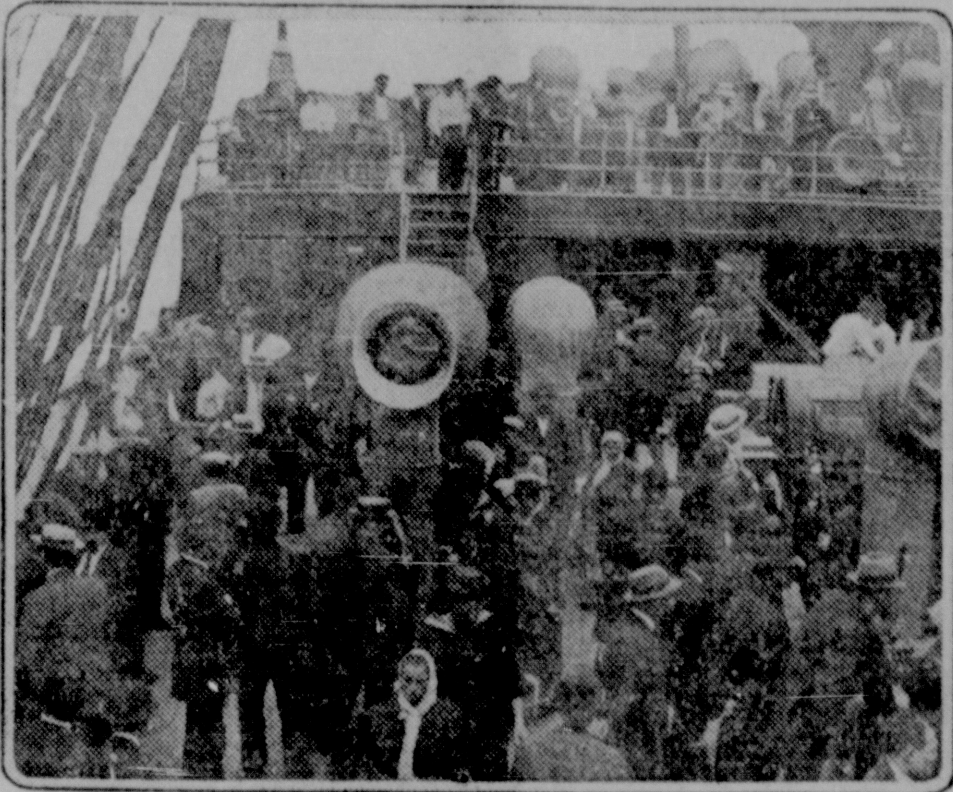

London, August 14.—A dispatch to the Exchange Telegraph company says an official statement asserts three German aeroplanes, flying over Diest, were brought down by the Belgian artillery. Two aviators were killed by being dashed to the earth and a third terribly injured. A French aviator in Lorraine was pursued by two German airmen in aeroplanes carrying three armed men each. The Frenchman escaped.

London, August 14.—A dispatch to the Exchange Telegraph company says reports from Basel, Switzerland, say that German patrols have taken refuge in Switzerland. It is stated no French troops have crossed the Swiss frontier. The Prince of Wales relief fund for distressed families of British soldiers and sailors attained today a total over \$5,000,000.

Evidences of a sharp sea fight in Chinese waters were brought to Hong Kong yesterday when two battered warships, either French or English arrived there with many wounded.

A London report says the captain of a Danish steamer declared he passed seven sunken German ships on the east coast of England.

SLAVS RETURNING TO FIGHT FOR SERBIA

The reported purchase of the German cruisers, Goeben and Breslau, by Turkey, has been made the occasion of action by the allies which are to call Turkey's attention to her duty as a neutral.

Greece is also disturbed by the purchase of the two cruisers.

Russia is reported to have mobilized 5,500,000 men, 2,000,000 of whom are on the German and Austrian frontier.

All is reported quiet along the front today according to official statements from France and Belgium.

Belgian accounts of yesterday's cavalry encounter give the total German casualties as high as a thousand killed and wounded.

The Belgian staff believes the German movement at Haelen was an attempt to reach Brussels which today is stated to be "no longer in danger."

French official reports say the Belgians captured 2000 German prisoners at Liege and that the French have taken 1500 along the frontier.

Aviators are taking a very prominent part in scouting for the armies and are suffering severely.

Belgian authorities report the destruction of three German aeroplanes and the death of two of their pilots while French reports recount the narrow escape of a French aerial scout from German flying machines which hunted him.

DYNAMITE CANADIAN WIRELESS

By Associated Press.

Port Arthur, Ont., August 14.—The Canadian government wireless station near here was wrecked early this morning. When the crash of cables and supports was heard the staff inside the station and in an adjoining building rushed out, but shots fired by two men running away, halted them. The damage was serious. A large staff, supported by a military repair corps, immediately began repair work.

Ohio Joins in the Crusade Against Greed—Attorney General Hogan Declares There is No Valid Reason for Higher Prices on Food—Wants Complaints Sifted.

By Associated Press.

Washington, August 14.—The movement of the Federal government to investigate increases on food prices with a view to possible criminal prosecutions, was under full head today. Attorney General McReynolds has sent instructions to every United States District Attorney ordering them to endeavor to determine whether the advance in prices is due to combinations in restraint of trade or other unlawful action.

Columbus, O., August 14.—Attorney General Hogan announced today he had taken active steps to investigate the rise in price of foodstuffs in Ohio during the last week by notifying special counsel in his department in different parts of the state to entertain complaints and forward them to him here. Mr. Hogan expressed the opinion that there is no valid reason for most increases in price of foodstuffs. He pointed out that the commodities that have gone up most in price are those which do not come from European countries, such as sugar and coffee. Reports reached the

74 COUNTIES ARE IN; WILLIS' LEAD IS CUT

By Associated Press.

Columbus, Ohio, August 14.—All doubt regarding the nomination by Republicans of Charles Q. Hildebrandt, of Wilmington, for Secretary of State over Charles D. Galbreath, of Columbus and of Rudolph W. Archer, of Bellaire, for State Treasurer over Charles E. Stinebaugh, of Bowling Green, evidently was removed today by complete but unofficial returns made to the secretary of state's office from 74 counties, including all urban counties.

An unexpected feature of the more complete returns was in the reduction

of Frank B. Willis' lead over David Tod Republican candidate for governor. Willis was given 118,334 and Tod, 112,115, making a majority of only 6,224 for Willis.

The fourteen counties yet to report are rural communities, however, and probably will give Willis a heavy vote.

Complete returns from 78 counties now give Governor Cox 126,828, and John J. Whitacre, 57,528, for the Democratic nomination for governor. Five counties, which it is known Whitacre carried are not included in these returns.

GERMAN SPIES AMONG FRENCH

Paris, Aug. 14.—It is officially announced that German spies are operating among French troops in Alsace. The mayor and postmaster of Thann a town 12 miles from Muelhausen, were shot for spying. The war office states that the Belgians took 2,000 prisoners at Liege and the French 1,500 prisoners on the frontier.

Roanoke, Va., August 14.—Two guards, bearing \$15,000 to pay miners at Glenalum, W. Va., were shot to death and robbed near there today by a band of highwaymen.

LEARY ON BIG LOAN

By Associated Press.

New York, August 14.—J. P. Morgan & Company announced this afternoon that they had not been requested by the French government to negotiate a loan here, but had been approached on the subject by private interests and that they would not care to entertain the matter should there be the slightest doubt on the part of the United States government as to the propriety of negotiating such a loan.

ENGLISH FLEETS CONTROL IN EAST

Reported to Have Cornered Enemy at Hong Kong—Unknown Men-of-War, Seriously Damaged Reach Shanghai With Many Wounded Seamen.

By Associated Press.

London, Aug. 14.—A dispatch from the Chronicle from West Hartlepool says that the captain of the Danish steamer Huldnersk, declares that he passed seven sunken German ships 15 miles off Spurn Head at the north-east entrance to the Humber. Only the masts of the vessels were visible above the water but the captain believes they were German men-of-war.

By Associated Press.

Shanghai, China, Aug. 14.—Two warships, each having four funnels badly damaged and carrying many wounded, entered the harbor of Hong Kong yesterday. The warships are believed to be either English or French. Dispatches from Hong Kong received in London last night say that it is reported in Hong Kong that the British fleet has cornered the far eastern squadron. The report added that weight was given this dispatch by the fact that shipping was being resumed along the coasts on a normal basis.

CLASHES DELAY ONWARDS SWEEP

Great Battleground Now Extends Three Hundred Miles From Forty Miles Northwest of Liege, Belgium, to Belfort, France—German Armies Pressing Forward and Engaging in Skirmishes All Along the Line—German Troops in Belgian Luxembourg Reported Ill From Privations.

London, Aug. 14.—Fighting inch by

inch the advance of the vast German army as it pressed on toward the French frontier, the Belgian army hurled itself upon the German vanguard and repulsed the invaders, at two points—Namur and Haelen—in the vicinity of Diest. Whether this serves more than to delay the onward sweep of the German troops, vastly outnumbering the Belgians opposing them, is considered doubtful.

Two German army corps marching upon Namur, the fortified city, rivaling Liege in its defenses, were met at Ekheze by a Belgian command and repulsed in a fierce battle, in which the Belgians captured a number of machine guns mounted on motor cars and inflicted losses on the Germans.

Assuming the offensive, the Belgians again attacked the German division composing the extreme right wing of the army of the Meuse, which they had swept back in Wednesday's battle at Haelen and Diest. The outcome of this battle has not been made known.

No mention is made of the participation of French or British forces in these battles, from which it would appear that the Germans have not yet come in contact with the main allied army of defense supposed to be gathering at Namur. The tactics of the Germans indicate they are trying to get into contact with the allied army, the position of which is hidden.

The great battleground extends 300

No information is given out regarding the situation at Namur, where French and British armies are supporting the Belgian defenders. It is believed in Brussels that a battle already is on at this fortress.

Lorraine for the present seems to have been left out of the fighting, while Alsace, like eastern France, is the scene of engagements between the advance guards of the main German and French armies.

The Austrian army has commenced to move on Russian Poland. No news has come from the Russo-German frontier, but much the same is doing on there as in the other theaters of war. The Russian and German cavalry are busy trying to discover what the main armies are doing.

miles, from forty miles northwest of Liege, Belgium, to Belfort, France, with the German army pressing forward and engaging in isolated battles all along the line. The German troops in Belgian Luxembourg are said to be starving and falling unconscious from privations.

Germans Advancing.

The German army is advancing slowly along the entire line of its attack on Belgium and France and concentrating for attacks at Namur and other points. The Germans say they have driven the French out of Alsace and have taken a large number of prisoners. Their plan in Belgium seems to be to isolate Liege, whose forts are still intact, according to reports, and to press on into the center of Belgium.

COUNTY EMPLOYEES TO TAKE THE TEST

The State Civil Service Commission has announced that the examination of all employees in this county in the classified service will be examined at the Court House in this city on the morning of August 27, at 9 o'clock. This examination will be conducted by a special representative from the State Civil Service Commission and is non-competitive, being limited to only those who are now in the classified service.

Application blanks will be furnished on the day of examination to all persons who are required to take this examination. The usual rule of the State Commission to the effect that applications must be filed three days before the date of examination does not apply in these non-competitive examinations.

CHAMPION FAT MAN NOW IN CIRCLEVILLE

"Happy Jack" Eckert, champion fat man of the world, is in Circleville at the present time, with the Sheelsy Street Carnival company, and this week was presented with a gold medal which was offered by a newspaper syndicate to the largest fat man in the world.

Eckert is 34 years of age and tips the scales at 739 pounds. Jack is fat, fat, fat—and then some; and then some more.

However, it is because of his fatness that he draws a liberal salary, and it is due to his mountain of flesh and bone that the natives pay a fee of ten cents to get a glimpse of him.

CLAIMS GERMANS SINK 7 ENGLISH WARSHIPS

Report Circulated In New York Lacks Confirmation.

New York, Aug. 14.—A rumor was current on the Maritime Exchange that a flotilla of seventeen German torpedo boats had sunk a whole squadron of seven English dreadnaughts off the Humber, east coast of England. The New Yorker Herald got out an extra telling about the report,

BIG LOAN OPPOSED

Washington, Aug. 14.—President Wilson was confronted with the problem of whether American bankers shall be permitted to float loans in the United States for any of the countries engaged in the European war. Though the president has not reached a final decision, he is strongly opposed to the idea. The question arose through the desire of J. P. Morgan & Co. to float a loan of several hundred millions dollars for the French government. Inquiry was made of the state department by the Morgan firm as to whether the flotation of such a loan would be regarded as a violation of neutrality.

MARRIED THIS WEEK AT NIAGARA FALLS

The Mt. Sterling Tribune has the following notice of the marriage of Miss Etura Parrett, daughter of Mr. and Mrs. Ed Parrett, of Madison Mills:

"Mr. C. W. Crum, of Mt. Sterling, and Miss Etura Parrett, of Madison Mills, were married at Niagara Falls, N. Y., at 3:30 p. m., Wednesday, August 12.

"Mr. and Mrs. Klein, of Cleveland, who accompanied the party, gave a six o'clock dinner at the Statler hotel, Buffalo, N. Y. Those present were, Mr. and Mrs. Joe O'Brien, of Mt. Sterling; Mr. and Mrs. Reiding, Mr. and Mrs. C. A. Strong, Mr. and Mrs. Zinke, all of Cleveland.

"Mr. and Mrs. Crum will be at home, at the Tenny hotel, after Sunday, August 16th."

SELLING PRICE OF BOOTLEG WHISKEY

Chief of Police D. L. Moore recently removed from the pocket of a man arrested for bootlegging, a schedule of prices for bootleg whisky, and found that the European war, or something else, had caused a slight increase in the selling price of contraband wetsness, the price being as follows:

"One half pint, 40c.
"One pint, 75c.
"One quart, \$1.50."

10,000 ATTEND LEESBURG FAIR

10,000 persons, including many from this city, attended the Leesburg fair Thursday, and another large crowd is reported for Friday.

The exhibits are exceptionally good for the initial fair, and every one was greatly pleased with the fair in general. Good racing marked the day Thursday.

C. P. West and sons of Bloomingburg had a herd of 12 splendid Short Horns in the cattle exhibit.

EMPIRE THEATER.

John W. Vogel's Big City Minstrels travel in swell private cars, and when they appear here Friday, August 14th at the Empire, they will appear in rolling palaces that cost a fortune, and afford comfort and luxury. The minstrels of today do not fly-by-night to escape the tavern-keeper; neither do they tour overland by horse-power, as did the "old-timers" for many a year, as has since been revived by references in many tales of fiction and allusion in the rural dramas of the stage. And with all the fame of the cross-road pioneers, they were lucky to take in as much money in a week as Vogel gathers in a day. Indeed this is an age of huge affairs.

Your Photographs can't be good unless they are printed right, on good paper

NO matter how good are your camera and negatives, you must have good prints for "the print is the picture." We do all our printing on Cyko Paper because we find that it gives softer, clearer, deeper prints—more artistic photographs. Let us print your next lot of negatives on Cyko Paper. Or, if you do your own printing we will sell you the paper. Cyko prints day or night, in any light. It has great latitude, guarding against under or over exposure. UNSANITARY POOL IS ELIMINATED

Through the efforts of Health Officer Byron the large pool of stagnant water, which stood in the Pennsylvania yards near the stock pens on Sycamore street and caused residents much annoyance, has been eradicated, and in its place is a spread of cinders placed there by the railroad.

When the attention of the Board of Health was called to the pool, action was taken to have the old pool abolished, as it offered an ideal place for breeding mosquitoes, and threatened

the health of the surrounding community.

As a result the railroad company drained the pool and then gave the place a liberal dressing with cinders, so that the water has been abolished forever and the sanitary condition of the vicinity greatly increased.

Health Officer Byron working under the Board of Health, has been very active in the work of safeguarding the health of the city.

but could get no confirmation of it. The engagement, according to the report, took place last week. The Herald's announcement read:
"The question: 'Why has England been so silent about the doings of her fleet in the North sea?' seemed to be answered in overwhelming fashion on the Maritime Exchange. There it was reported that as long ago as last week a German torpedo boat flotilla of seventeen ships destroyed a squadron of seven English dreadnaughts, among them England's pride, the Iron Duke. The seven battleships were destroyed and only one of the German torpedo boats was sunk."

The Picnic Season

There is more reason than rhyme in the old saying, "All work and no play makes Jack a dull boy". The constant routine, the strenuous striving, the increasing alertness which is demanded by the work of today tends to either leave the worker nervous and keyed up or dull and lifeless. It is owing to the character of the work in which engaged which condition is reached. Either one is bad enough.

But the summer season with its call to the outdoors, is the time when it seems hardest to bore down to constant work.

It is the time when every harbinger of nature, brook and bird and flower, lures to the open, and when nature with its soft, warm breeze, soothes and rests as at no other season.

It is above all else the picnic season, when the picnic hamper, with its tempting picnic viands is more popular than the formal indoor dinner, and when the comfortable outing attire for the time being has no rival.

Few indeed but find time for a picnic outing during the summer months. Even the unwelcome "jigger", with his willingness to stay "right with you", and all the rest of the crawly, creepy things are endured for the fun of the picnic, with picturesque stream and woods, and all the attendant pleasures of the out-door drive and supper.

While the little picnic, with its congenial party, will always be one of the summer's chief delights, there has sprung up in the last few years a tendency to foster the big picnic, and as soon as the busy harvest season is over there are neighborhood picnic gatherings that are on the order of miniature county fairs.

Some of these picnics have attained the dignity of annual affairs and are looked forward to from year to year with anticipation only second to that of the county fair itself.

Such an affair was the Bloomingburg K. of P. picnic in the beautiful Rogers' grove above the burg. It is always, pure and simple, a picnic for a good time—ball games, races, athletic events, merry-go-rounds, music—everything that the popular order of K. P. and its efficient management can devise for the entertainment of the crowd.

Every year brings together more people from more remote territory to share in a picnic heralded far and wide for its jolly good time and beautiful surroundings.

Similar in kind the annual field day at New Holland, held in the perfectly kept Kirk grove and bringing together the largest crowd ever united in that section.

The Fayette-Madison picnic and the Farmers' picnic at Lyndon, tend more to the special interests of the farmers, but both draw from wide sections of country and provide a day of true picnic visiting and feasting.

While the picnic season beckons alike to town and country folk, the big picnic is the special Mecca of the farmer, who after the long season of planting and reaping, with another busy time before him, doubly enjoys meeting friends seldom seen amid the freedom and good time of the picnic.

August is the great picnic month, and the time for vacation outings, and this year the number of picnics all over the county, has given unusual opportunities for pleasurable out-door reunion. These big picnics tend to foster community interests and accomplish a double purpose—the original one of a day's fun, and the no less important one of drawing the people together and giving them opportunity for widening interests.

Poetry For Today

THE INVADERS.

They are coming, they are coming,
Ten hundred thousand strong;
With resistless force they're moving
Half a hundred roads along.
Not a power on earth can stop them
As they come in serried ranks,
From Missouri's turbid water
To the Mississippi's banks.
Clad in service coats the greenest
That the land has ever seen.
They are moving, they are moving
With a confidence serene.
And no one dares oppose them
As they press forever on
From the falling of the evening
To the rising of the dawn.
Though knives be drawn against them,
They advance and falter not;
For their hearts be ripe for conquest
And they fear no hostile plot.
They are coming, they are coming
Ten hundred thousand strong,
Those home-grown watermelons
Half a hundred roads along.

RELIEVING STRANDED

Five Army Transports Will Be Sent Abroad.

Washington, Aug. 14.—Five army transports and the big Panama railroad steamer Cristobal will be sent abroad to bring home stranded Americans in the war zones. These vessels, which will sail as soon as they can be made ready, will accommodate 8,000 persons, several thousand more will be taken care of by ships to be chartered at foreign ports, and regular liners under neutral flags are expected to afford transportation within the next thirty days to about 9,000.

Secretary Garrison laid this outlook before the national relief board and received approval of his plan to dispatch government vessels. It was agreed that if 20,000 Americans in addition to those who already have arranged for transportation can be brought home within the next few weeks the relief problem practically will be solved. Ambassador Page at London reported that he had authorized the chartering of a steamer there. Ambassador Page at Rome is expected to get a ship with accommodations for 1,000 passengers.

START FIGHT IN NEW YORK

New York, Aug. 14.—Calculations of all party managers were knocked galley west by formal announcement from John A. Hennessy and Assistant Secretary of the Navy Franklin D. Roosevelt that they would enter the state Democratic primary as anti-Murphy candidates for governor and United States senator. Mr. Hennessy made his declaration at his home in Brooklyn. At the same time Mr. Roosevelt, by prearrangement with Mr. Hennessy, made known his candidacy in Washington. Mr. Roosevelt was careful to say that he was doing this without the knowledge of President Wilson. Not only will there be a full state ticket headed by Mr. Hennessy, but special effort will be made to elect an anti-Murphy state committee and county committeemen in every county.

There Isn't Any Danger In America of Intelligent Women Going Mad Over Boxing Matches

By Dr. ANNA HOWARD SHAW, President National Suffrage Association

A CROWD OF WOMEN WATCHING A FIGHT IN THE ARENA IS NOT A NEW SPECTACLE. IT SOUNDS LIKE A PAGE FROM ANCIENT HISTORY AND DOES NOT POINT TO THE DETERIORATION OF IDEALS HELD BY WOMEN, AS SOME WOULD HAVE US INFER. IT IS MERELY THAT SOME ENGLISHMEN HAVE GROWN TIRED OF THE FORM OF SOCIAL INTERCOURSE WHICH IS OF A FORMAL KIND AND HAVE SUBSTITUTED A NEW EXCITEMENT. WOMEN WHOSE INTERESTS ARE PURELY SOCIAL HAVE FOLLOWED THEM THOUGHTLESSLY ENOUGH. IT IS NOT THAT THEY ARE CRUEL OR HEARTLESS, BUT SIMPLY THOUGHTLESS AND UNOCCUPIED.

I believe that one of the strongest arguments for suffrage is that of its educational value. Here in America we stand IN NO DANGER OF HAVING OUR INTELLIGENT WOMEN GO MAD OVER BOXING MATCHES because they have their time and their minds too much occupied with other things, and suffrage is one of the things. We can claim no superiority to the Englishwoman.

THREE MEN KILLED TWO MORE MAY DIE

Royal Blue Flyer No. 55 Hits Automobile at Highland Last Night and Exacts Deadly Toll.

VICTIMS PROMINENT AND WELL KNOWN HERE

Charles Dewey, George Haas, and R. E. Bonny, Instantly Killed and James Adams and Chas. Hickson are Probably Fatally Injured in Shocking Tragedy.

Three men were instantly killed, two injured, and the Royal Blue Flyer No. 55 on the main line of the B. & O. S. W. was nearly wrecked at Highland, between 11 and 12 o'clock Thursday night, when an automobile was struck by the train while the flyer was dashing through Highland at 70 miles per hour.

The Dead: Charles Dewey, proprietor the Leesburg elevator; George Haas, hardware dealer, of Leesburg; R. E. Bonny, chauffeur, of Leesburg. The Injured: James Adams, lumber dealer, Leesburg; Chas. Hickson, banker and former postmaster, Leesburg.

Where the men had been could not be learned, but they were returning to Leesburg at a late hour and had just started to cross the B. & O. in Highland, when No. 55 dashed down upon them, going down-grade and running at terrific speed.

In an instant it was all over. The big touring car, owned by Mr. Adams was reduced to scraps and three of the occupants were instantly killed and horribly mangled, while Mr. Adams and Mr. Bonny were probably fatally injured.

The train was stopped as quickly as possible and run back to the scene of the tragedy. Adams and Bonny were picked up and rushed into Cincinnati, where they were taken to a hospital at Cincinnati and placed un-

der the care of surgeons. Both will probably die, as their injuries are such that death will probably result within a few hours or a few days at most.

No blame is attached to the train crew for the terrible accident, as the engineer is said to have given the usual warning whistle before reaching the fatal crossing, and the train could plainly be seen by the approaching automobile party.

News of the tragedy quickly spread and within a short time scores of Leesburg citizens were upon the scene.

Mr. Dewey operated the elevator and mill at Leesburg, and formerly managed the Glendon elevator in this county. He is well known in this city and county, as are most of those included in the tragedy.

George Haas operated a large hardware store in Leesburg. He leaves a widow and one son and one daughter. He was about 55 years of age.

Bonny, the chauffeur, leaves a widow. His home was formerly in Lima, and it was probably due to carelessness upon his part that the machine was struck by the blue flyer.

James Adams, lumber dealer and contractor of Leesburg, in whose machine the party was riding, was horribly cut and bruised. It is thought he is internally injured.

Charles Hickson, former postmaster of Leesburg, and one of the heavy stockholders in the Leesburg bank, had one leg broken, was cut and bruised and internally injured.

The men were among Leesburg's foremost citizens, and their fate has cast a deep gloom over the entire community about Leesburg.

Their numerous friends in this city unite in sorrow with friends in Highland county.

Fourth Victim Dead.

A report reached this city Friday late that Hickson had succumbed to injuries sustained in the accident Thursday night. This report has not been verified.

AUTOS COLLIDE ON DEVALON ROAD

While rounding a turn in the Devalon road at a point just north of the Judy school house, two automobiles, one owned by A. C. Henkle and the other by the Washington Candy Company, crashed together Thursday night, and the Henkle machine was badly damaged.

The Washington Candy Company machine was very little damaged, and was able to continue to this city by its own power. The Henkle machine was left by the roadside until Friday morning, when it was brought to the Ortman garage for repairs.

GETTING PICTURES FOR BOYS' ROOMS

A set of six pictures, strongly framed and of good size, are being purchased by the Y. M. C. A. for the boys' department. The set includes three of the famous Remington reproductions and three of the Arabian Nights series.

Although it has not been decided it is probable that the junior department of the Y. M. C. A. will be located on the second floor of the main building, as formerly. The rooms will be decorated with the pictures, pennants, etc., and game tables will be installed, according to present plans.

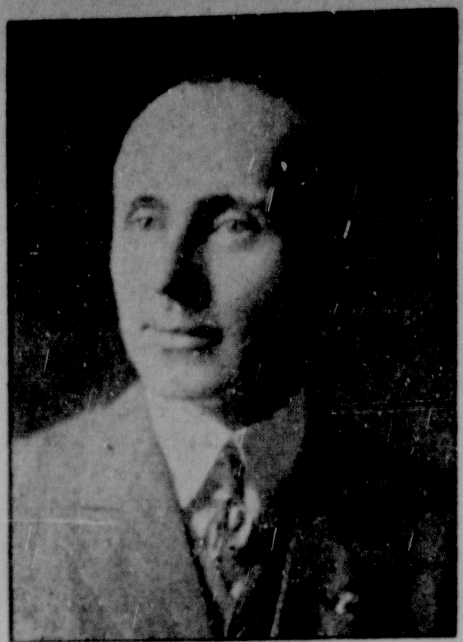

WANTS A DIVORCE

Wilful absence is the grounds for divorce in a suit filed by Harry H. Stewart against his wife, Lulu Stewart. Stewart is a resident of this county and claims that they were married in 1911 and that his wife has been wilfully absent from him for more than three years. W. B. Rogers, of Washington C. H., is attorney for the plaintiff—Chillicothe News.

Harvey Schlegel, of Union township, was removed to the home of his sister, Mrs. Eliza Schube near Washington C. H., Wednesday in Lowrey's motor ambulance. Mr. Schlegel is seriously ill with a complication of diseases.

Fall Styles for Men

Discussed by Arthur J. Burgett
THE NOBBY TAILOR

As in the past, it shall be my endeavor this season to produce such garments as will help establish a standard that will educate my customers to know and appreciate the best.

Improvement will keep step with the growth of my business. My slogan is still—"Individual Distinctiveness." I am imbued with enthusiasm for my work and carry it through with the determination to excel.

GARMENTS FOR YOUNG MEN have been my special consideration. I have studied their needs from every point of view and believe that I have mastered the art of catering to them, accentuating their peculiar wants without running into the extreme of exaggeration.

In the selection of fabrics for young men I have borne neatness and nattiness in mind rather than freak patterns and so in the making of the clothes I aim to create something that will delight the eye and satisfy the craving after attractiveness.

PROPER FABRICS FOR FALL AND WINTER.

The fabrics which will be most in demand for this season will be Cassimeres, Wool Cheviots, Worsteds, both clear finish and unfinished.

Pattern effects will be neat, genteel designs from very narrow silk stripes to broader effects. Neat and bold check effects will be worn by those who want the more conspicuous designs.

Green ground colorings with harmonious contrasting colors will be worn by those who desire the very newest combination of colorings.

The very bold, loud patterns and colorings, which formerly were so much worn, are no longer in demand by those who aspire to dress properly.

THE EXTREME ENGLISH SOFT FRONT COAT.

The demand for this style of garment, especially for young men, still continues unabated.

The coats will be worn rather short this season. The sleeves will be cut quite narrow, tapering to the cuff.

REGULAR BUSINESS SACKS.

Those who desire garments that are not extreme as far as shoulders are concerned, would recommend the regular shouldered coats. Garments of this character can be made from any model I show. Likewise, any model can be made with narrow English shoulders, if so wanted.

VERY WIDE SHOULDERS.

The demand for the extremely broad shouldered coat has almost disappeared. I can make this style of garment, however, if any customer should wish his garment made that way.

BRAIDED SACKS AND CUTAWAYS.

There has sprung up recently a demand for this style of garment. The proper fabrics for braided coat should be plain ground colorings, black or blue undressed Worsteds, Vicunas in black, blue, oxford and grey. Striped trousers will be very much in demand.

OVERCOATS.

You will find by looking through my overcoatings that I have the very newest things in overcoats. They range from the latest genteel conservative sack overcoats to the extreme loose, baggy, Raglan or Balmacaan coat. The Balmacaan coat has become so popular as a general purpose coat that the woolen mills are making what are known as exclusive Balmacaan materials. I have put in an extensive line of them. I will show in this line genuine Balmacaan patterns in English mixtures. Tweeds, Cashmeres and Cheviots—all wool. The price of these coats will be \$13.50 to \$22.50, and I want to say right here that every Balmacaan buyer should see these patterns.

SHOES FOR MEN.

What I have said about fall clothes for men, the same will apply to the shoes. The man that buys the English suit should wear the English shoe and the conservative suit with the conservative shoe.

I have secured one of the best lines

SHIVELY LEAVES FOR SPRINGFIELD

It is with hearty congratulation, tempered with a keen regret that the many friends of Mr. and Mrs. C. P. Shively witness their departure for their new home in Springfield, where Mr. Shively is to assume charge of the German department of the high school and the school athletic department.

Mr. and Mrs. Shively left Washington Friday. Mr. Shively will begin his duties in the City of Homes with the opening of the school year. During his brief but valuable connection with the local high school Mr. Shively although a young man, has proven himself to be a teacher of unusual ability, and his many successful pupils suffer a genuine loss with the severance of his connection here. Mrs. Shively also will be sorely missed by her large circle of friends and acquaintances.

PRICE OF SUGAR HIGHEST SINCE THE GREAT CIVIL WAR

Sugar Barons Boost Prices Until \$8.15 Wholesale Is Quotation This Morning, and Prediction Is Made That It Will Go to \$9.50 or Even Higher—Flour and Beans Take Sharp Jump.

The great boost given the price of sugar, presumably by the gigantic Sugar trust in the United States, is causing a general decrease in the amount of sugar used, and a general demand that the boost be sifted to the bottom and the speculators punished.

Friday morning the price quoted on sugar was \$8.15 per hundred lbs., wholesale, and a further advance was predicted for Friday, Saturday and Monday.

It is predicted that the price will continue to soar until it reached \$9.50 per hundred pounds, which means that it must retail for approximately \$10 per hundred pounds.

The dealer as well as the consumer has witnessed in ten days' time, the price of sugar run the gamut

from the lowest price ever known, to the highest price probably since the Civil War.

Ten days ago sugar was retailing as low as \$4.65 per hundred pounds, or \$1.15 per 25 pound sack. Now a sack of 25 pounds costs \$2.25, and there is reason to believe the price will go still higher.

The sugar barons are the ones blamed for the increase in price, and it is welcome news that President Wilson has ordered a thorough investigation of the high prices on sugar and other staples.

Beans have advanced \$1 on the bushel, and coffee has gone up 2c per pound.

The next sharp advance in food-stuffs is expected to be in flour, as the wholesale price has been boosted from \$1.50 to \$2.00 in order to keep pace with the price of wheat.

So far as known the retail price of flour has not yet materially changed, but dealers whose supply is exhausted will be forced to pay the increased wholesale price and must sell it accordingly.

paraded the principal streets at noon today and reminded one of the good old-time minstrels with their bright yellow broadcloth suits and parasols. The best musical organization that has graced this city for many a day, ripped off everything from ragtime to grand opera, much to the delight of the small boy and his big brother. The interest evidenced by the on-lookers was a pretty good sign that minstrelsy is still the popular form of amusement for average American citizens.

Vogel maintains a reputation for the excellence of his performances and couples with the fact that he is carrying the largest company in his history, according to the press accounts, the devotees to music and laughter will have an opportunity to enjoy themselves tonight at the Empire theater.

Another grand free concert will be given at 7:15 this evening in front of the theater. A carefully selected program will be given ranging from ragtime to grand opera.

MULDOONS HERE AGAIN SUNDAY

The Cincinnati Muldoons, for the second time this season, will do battle with Noon's Athletics on the local grounds Sunday. Manager Noon is availing himself of every opportunity to strengthen his team for this game.

The reputation of the Muldoons is not all dope. They played here, it will be distinctly remembered, a few weeks ago and in what is generally conceded to be the best game of the season defeated the Athletics by a score of 4 to 0.

In Sunday's game the line-ups of both teams will be about as before, and a crowd is assured.

SPRINGING BOARD A POPULAR FEATURE

Physical Director J. W. McClung, of the Y. M. C. A. has completed the installation of the springing board at the Y. M. C. A. natatorium on W. Temple street, and it is proving itself a most popular feature. The board extends out over the water from the apex of a tower, itself some six or seven feet above the surface. The tower is reached either by a ladder or by a runway leading from the bank of the pool.

With each succeeding day the crowds of happy bathers grow and the women's class in swimming is especially popular. Thursday evening there were more than thirty "mermaids" disporting in the tank.

BIG CHANGES AT CHERRY HILL SCHOOL

Principal B. F. Toops, of the Cherry Hill school, is supervising and assisting with the complete transfiguration of the Cherry Hill school grounds and building interior. The work has been progressing for several days and will be complete about the first of September.

The improvements will include the redecorating of the school rooms and corridors and the construction of tennis courts, running track and other athletic courses on the outside.

RESERVES GLIMPSE MILLEDGE. ALL STARS

At the Jefferson township picnic in the Bush grove, Thursday, the Milledgeville All-Stars played the Jeffersonville Reserves, and succeeded in defeating the Reserves in a good game, the score standing 12 to 4.

Frayne and Jones were batteriers for the All Stars, and Jones and Miller for the Reserves. Jones, in spite of his youthfulness, caught splendidly.

DIAPHANOUS GOWN

\$100 PREMIUM PLACED ON WINNERS IN 2:10

The Fayette County Fair Company this morning decided on a novel plan to bring out the best there is in the horses that will compete in the forthcoming races at the fair.

Secretary Rogers this morning announced that the board has ordered an extra purse of \$100 paid to owners of horses that show a speed of 2:10 or better in any of the races. The object is to do everything possible to add to the racing zest and to make it worth while for horsemen to urge their racers to the limit. Doubtless the plan will greatly increase competition among horses capable of entering the 2:10 class and Fayette county fair-goers may look forward to some of the best racing ever seen on the local track.

The services of Mr. Earl Swepston, of Chillicothe, as official starter, have been secured. Mr. Swepston is recognized as one of the cleverest and most popular starters in Ohio.

The number of entries to date is considered phenomenal. Secretary

Rogers declares that at least two to one more entries are now in than at the same time last season, and still they come.

Among the attractions secured for the fair are the motordrome and Harry Hill's Wild West shows.

WILL OPEN ROAD WORK NEXT WEEK

Contractor Fred Mark has announced that next Monday he will begin the work of grading that part of the Bloomingburg and Midway pike to be paved.

The work will be taken up where the first paving ends, and efforts will be made to complete the work this winter.

The material for paving the road has been ordered and will soon be on the ground.

EQUAL SUFFRAGE AND DRY PLANK

Willis May Insist Upon These In Republican Platform.

ATTITUDE OF THE COMMITTEE

Majority of the Newly Elected Republican Body Said to Be Against Indorsement of Prohibition or Woman's Suffrage at Platform Convention—Democrats May Praise State License Act.

Columbus, Aug. 14.—A majority of the newly elected Republican state central committee is said to be against favoring the indorsement of prohibition or woman suffrage by the platform convention. As thus constituted, this committee could select a wet state executive committee of any size desired and thus influence the action of the convention to which the members of both these committees will be delegates.

It was said there was not much likelihood of the state central committee so acting, and that the nominee for governor, Frank B. Willis, would insist on a woman suffrage plank and for a radically dry plank, if not for outright prohibition.

The Democratic platform convention, it was said, would favor putting in the state platform nothing on the temperance question except a declaration in praise of the state liquor license law. Wet leaders will try to have the Democrats go further and declare for the repeal of the county option law.

The Progressive state convention doubtless will declare for statewide prohibition and woman suffrage.

While under the law all the platform conventions are to be held Aug. 25 it is optional with the state central committee to fix the place.

All three conventions will be held in Columbus on the same day.

That John H. Arnold of Columbus was nominated for lieutenant governor by the Republicans in the primary was indicated when practically complete returns were received here. With nearly every county heard from, Arnold had 64,391, James W. Caldwell of Toledo 58,579, and Albert H. Morrill of Cincinnati 35,599.

Democratic returns to the secretary from fifty-one counties gave Governor Cox 88,000; John J. Whitacre, 38,000. With the exception of Lucas and Summit, the counties not reporting contain no large cities. It is estimated that the Cox vote will run over 100,000 and the Whitacre vote over 50,000. It is estimated the total vote cast at the statewide primaries was less than one-third the presidential vote of 1912. The Progressive vote will be under 10,000.

New Central Committees.

The new state central committees are:

GERMAN WARSHIPS READY TO FIGHT TO THE DEATH TO WREST SUPREMACY OF HIGH SEAS FROM ENGLAND

Germany is reported to have assembled her entire high sea fleet in the North Sea and Baltic Sea, with the Kiel canal as the connecting link between the two bodies of water. Although greatly outnumbered, German ships are modern fighting machines that are dangerous to encounter, and the German seamen are sterling fighters. The world awaits news of the expected naval clash in the North Sea.

TAX ON LIQUORS TO BE INCREASED

Action Planned to Boost Internal Revenue By \$100,000,000.

BEER TAX WILL BE DOUBLED

Tobacco, Proprietary Medicines and Other Articles Also to Come In For Extra Assessments—Congressional Leaders Hold Conference With Secretary of Treasury—Condition of Uncle Sam's Strong Box.

Washington, Aug. 14.—Congressional leaders planned quick action to increase the internal revenue by \$100,000,000 to offset curtailment of customs revenue expected during the European war. Senator Simmons, chairman of the senate finance committee, and Representative Underwood, chairman of the house ways and means committee, are in conference with Secretary McAdoo. Later the situation will be laid before President Wilson.

It was definitely agreed to confine the increases to the internal revenue taxes, instead of attempting to change in any way the customs duties. An extra tax on liquors, possibly including doubling the \$1 a barrel now assessed upon beer, is the first plan to be discussed. There was talk not only of increased tax on liquors, but on tobacco, proprietary medicines and other articles.

Both Senator Simmons and Representative Underwood expressed gratification over the present sound condition of the treasury. "There is no treasury deficit," said Senator Simmons later. "But we do not want to wait until there is a deficit before acting. It is absolutely necessary that the confidence of the people in

the financial soundness of the government should be maintained at a time like this."

Underwood said that while the treasury surplus might be sufficient to cover the falling off in customs, it would take Europe a long time to recover normal business relations.

SHIP PASSES THROUGH CANAL IN 8 1/2 HOURS.

Washington, Aug. 14.—The first steamship to pass through the Panama canal—the Cristobal—made the trip from the Atlantic to the Pacific in eleven and a half hours. The return trip, however, was made in eight and a half hours, which probably marks the average time that will be consumed by merchantmen when all of the machinery of the canal is in smooth operation. Tomorrow the Ancon, sister ship to the Cristobal, belonging to the Panama Canal Railway company and of 9,606 tons, will make the official trip. The canal will be officially opened tomorrow.

Keeping Your Word.
The following quotation from De Morgan's "When Ghost Meets Ghost" may help a few to see the moral issue more clearly. Mr. Jerry began feebly, "You can't do more than keep your word, Mo." * * * Mo, a fine old ex-prizefighter, replies: "Yes, you can, Jerry. You can keep your meanin'. And you can do more than that. You can keep to what the other party thought you meant, when you know. I know this time. I ain't in a court o' justice, Jerry, dodgin' about, and I know when I'm square by the feel."

Farsighted.
"I kept my husband on a string five years before I consented to marry him."
"Why so long?"
"Well, you see, I waited until I could see his way clear financially!"—Lippincott's.

PRESSURE SHIFTS TO DARDANELLES

England, France and Russia Call On Turkey to Clear Her Skirts Pretty Quickly for Affording Refuge to Two German Cruisers—Purchase Claimed, But German Flag Flies.

ALLIED POWERS CLASS TURKEY AS FAVORING AUSTRIA AND GERMANY

Sharp Note Sent Sultan to Bring Him to a Realization of Neutrality—French Capture Entire Section of German Army—2,000,000 Russians on Frontier of Enemy—Disastrous Naval Battles Reported.

By Associated Press.

London, August 14.—Great Britain, France and Russia have sent a sharp demand to Turkey for the immediate repatriation of the officers and crews of the German cruisers, Goeben and Breslau. It is reported that the two cruisers were met by Turkish vessels outside and escorted into the Dardanelles. There is no official confirmation of the actual purchase of the cruisers by Turkey, but the report to that effect is generally credited.

Paris, Aug. 14.—The allied governments opposed to Germany and Austria-Hungary have agreed to bring Turkey to a realization of its obligations as a neutral power in connection with her purchase of the German cruisers Goeben and Breslau. A report received here says that contrary to the statement of the Turkish government the German flag has not been lowered on the cruisers nor have their crews been permitted to go ashore since their arrival in Turkish waters.

The King of Greece has called a conference of his ministers to decide what Greece's attitude toward the Turkish government will be over the purchase of the cruisers. Reports from Italy say the purchase precludes a new position on the part of Turkey in favor of Germany and Austria.

Brussels, August 14.—The German casualties in the engagement of Haelen Wednesday were 3,000 dead and wounded. During the fight the Germans were obliged to pass two bridges where they were exposed to the heavy fire. The retreating Germans left piles of dead and wounded. The same carnage occurred on the road from Threok to Healen where the German cavalry, exposed to the galling guns of the Belgians, fell in droves. The Belgian casualties were light in dead as the troops were well entrenched, but many were wounded.

The victory described above was followed by new and successful engagements near Noville-Taviers and Eghezee, about nine miles north of Namur on Wednesday and Thursday. These operations proved that the Germans are retreating further and that the allies, being steadily rein-

forced, are resolutely pushing ahead. Brussels is no longer in danger but the situation a few days ago was such that the eventuality of its occupation by the Germans was considered.

ON THE FIRING LINE

By Associated Press.

London, August 14.—An exchange Telegraph company's dispatch, in reference to fight between the Germans and French in the Vesges mountains says that an entire section of German troops, and not a division, surrendered with their machine guns. The French were victorious after 5 days' fighting.

London, August 14.—A dispatch to the Central News from Rome says reliable advices from St. Petersburg say Russian has mobilized 2,000,000 men on the German and Austrian frontiers; half a million on the Turkish and Roumanian, while 3,000,000 are held in reserve.

London, August 14.—A dispatch to the Exchange Telegraph company says an official statement asserts three German aeroplanes, flying over Diest, were brought down by the Belgian artillery. Two aviators were killed by being dashed to the earth and a third terribly injured. A French aviator in Lorraine was pursued by two German airmen in aeroplanes carrying three armed men each. The Frenchman escaped.

London, August 14.—A dispatch to the Exchange Telegraph company says reports from Basel, Switzerland, say that German patrols have taken refuge in Switzerland. It is stated no French troops have crossed the Swiss frontier. The Prince of Wales relief fund for distressed families of British soldiers and sailors attained today a total over \$5,000,000.

Evidences of a sharp sea fight in Chinese waters were brought to Hong Kong yesterday when two battered warships, either French or English arrived there with many wounded.

A London report says the captain of a Danish steamer declared he passed seven sunken German ships on the east coast of England.

SLAVS RETURNING TO FIGHT FOR SERVIA

The reported purchase of the German cruisers, Goeben and Breslau, by Turkey, has been made the occasion of action by the allies which are to call Turkey's attention to her duty as a neutral.

Greece is also disturbed by the purchase of the two cruisers.

Russia is reported to have mobilized 5,500,000 men, 2,000,000 of whom are on the German and Austrian frontier.

All is reported quiet along the front today according to official statements from France and Belgium.

Belgian accounts of yesterday's cavalry encounter give the total German casualties as high as a thousand killed and wounded.

The Belgian staff believes the German movement at Haelen was an attempt to reach Brussels which today is stated to be "no longer in danger".

French official reports say the Belgians captured 2000 German prisoners at Liege and that the French have taken 1500 along the frontier.

Aviators are taking a very prominent part in scouting for the armies and are suffering severely.

Belgian authorities report the destruction of three German aeroplanes and the death of two of their pilots while French reports recount the narrow escape of a French aerial scout from German flying machines which hunted him.

DYNAMITE CANADIAN WIRELESS

By Associated Press.

Port Arthur, Ont., August 14.—The Canadian government wireless station near here was wrecked early this morning. When the crash of cables and supports was heard the staff inside the station and in an adjoining building rushed out, but shots fired by two men running away, halted them. The damage was serious. A large staff, supported by a military repair corps, immediately began repair work.

Ohio Joins in the Crusade Against Greed—Attorney General Hogan Declares There is No Valid Reason for Higher Prices on Food—Wants Complaints Sifted.

By Associated Press.

Washington, August 14.—The movement of the Federal government to investigate increases on food prices with a view to possible criminal prosecutions, was under full head today. Attorney General McReynolds has sent instructions to every United States District Attorney ordering them to endeavor to determine whether the advance in prices is due to combinations in restraint of trade or other unlawful action.

Columbus, O., August 14.—Attorney General Hogan announced today he had taken active steps to investigate the rise in price of foodstuffs in Ohio during the last week by notifying special counsel in his department in different parts of the state to entertain complaints and forward them to him here. Mr. Hogan expressed the opinion that there is no valid reason for most increases in price of foodstuffs. He pointed out that the commodities that have gone up most in price are those which do not come from European countries, such as sugar and coffee. Reports reached the

74 COUNTIES ARE IN; WILLIS' LEAD IS CUT

By Associated Press.

Columbus, Ohio, August 14.—All doubt regarding the nomination by Republicans of Charles Q. Hildebrand, of Wilmington, for Secretary of State over Charles D. Galbreath, of Columbus and of Rudolph W. Archer, of Bellaire, for State Treasurer over Charles E. Stinebaugh, of Bowling Green, evidently was removed today by complete but unofficial returns made to the secretary of state's office from 74 counties, including all urban counties.

An unexpected feature of the more complete returns was in the reduction

of Frank B. Willis' lead over David Tod, Republican candidate for governor. Willis was given 118,334 and Tod, 112,115, making a majority of only 6,224 for Willis.

The fourteen counties yet to report are rural communities, however, and probably will give Willis a heavy vote.

Complete returns from 78 counties now give Governor Cox 126,828, and John J. Whitacre, 57,528, for the Democratic nomination for governor. Five counties, which it is known Whitacre carried are not included in these returns.

LEARY ON BIG LOAN

By Associated Press.

New York, August 14.—J. P. Morgan & Company announced this afternoon that they had not been requested by the French government to negotiate a loan here, but had been approached on the subject by private interests and that they would not care to entertain the matter should there be the slightest doubt on the part of the United States government as to the propriety of negotiating such a loan.

ENGLISH FLEETS CONTROL IN EAST

Reported to Have Cornered Enemy at Hong Kong—Unknown Men-of-War, Seriously Damaged Reach Shanghai With Many Wounded Seamen.

By Associated Press.

London, Aug. 14.—A dispatch from the Chronicle from West Hartlepool says that the captain of the Danish steamer Huldnaersk, declares that he passed seven sunken German ships 15 miles off Spurn Head at the northeast entrance to the Humber. Only the masts of the vessels were visible above the water but the captain believes they were German men-of-war.

By Associated Press.

Shanghai, China, Aug. 14.—Two warships, each having four funnels badly damaged and carrying many wounded, entered the harbor of Hong Kong yesterday. The warships are believed to be either English or French. Dispatches from Hong Kong received in London last night say that it is reported in Hong Kong that the British fleet has cornered the far eastern squadron. The report added that weight was given this dispatch by the fact that shipping was being resumed along the coasts on a normal basis.

CLASHES DELAY ONWARD SWEEP

Great Battleground Now Extends Three Hundred Miles From Forty Miles Northwest of Liege, Belgium, to Belfort, France—German Armies Pressing Forward and Engaging in Skirmishes All Along the Line—German Troops in Belgian Luxembourg Reported Ill From Privations.

London, Aug. 14.—Fighting inch by

inch the advance of the vast German army as it pressed on toward the French frontier, the Belgian army hurried itself upon the German vanguard and repulsed the invaders, at two points—Namur and Haelen—in the vicinity of Diest. Whether this serves more than to delay the onward sweep of the German troops, vastly outnumbering the Belgians opposing them, is considered doubtful.

Two German army corps marching upon Namur, the fortified city, rivaling Liege in its defenses, were met at Ekezeze by a Belgian command and repulsed in a fierce battle, in which the Belgians captured a number of machine guns mounted on motor cars and inflicted losses on the Germans.

Assuming the offensive, the Belgians again attacked the German division composing the extreme right wing of the army of the Meuse, which they had swept back in Wednesday's battle at Haelen and Diest. The outcome of this battle has not been made known.

No mention is made of the participation of French or British forces in these battles, from which it would appear that the Germans have not yet come in contact with the main allied army of defense supposed to be gathering at Namur. The tactics of the Germans indicate they are trying to get into contact with the allied army, the position of which is hidden.

The great battleground extends 300

No information is given out regarding the situation at Namur, where French and British armies are supporting the Belgian defenders. It is believed in Brussels that a battle already is on at this fortress.

Lorraine for the present seems to have been left out of the fighting, while Alsace, like eastern France, is the scene of engagements between the advance guards of the main German and French armies.

The Austrian army has commenced to move on Russian Poland. No news has come from the Russo-German frontier, but much the same is doing on there as in the other theaters of war. The Russian and German cavalry are busy trying to discover what the main armies are doing.

miles, from forty miles northwest of Liege, Belgium, to Belfort, France, with the German army pressing forward and engaging in isolated battles all along the line. The German troops in Belgian Luxembourg are said to be starving and falling unconscious from privations.

Germans Advancing.

The German army is advancing slowly along the entire line of its attack on Belgium and France and concentrating for attacks at Namur and other points. The Germans say they have driven the French out of Alsace and have taken a large number of prisoners. Their plan in Belgium seems to be to isolate Liege, whose forts are still intact, according to reports, and to press on into the center of Belgium.

COUNTY EMPLOYEES TO TAKE THE TEST

The State Civil Service Commission has announced that the examination of all employees in this county in the classified service will be examined at the Court House in this city on the morning of August 27, at 9 o'clock. This examination will be conducted by a special representative from the State Civil Service Commission and is non-competitive, being limited to only those who are now in the classified service.

Application blanks will be furnished on the day of examination to all persons who are required to take this examination. The usual rule of the State Commission to the effect that applications must be filed three days before the date of examination does not apply in these non-competitive examinations.

"Happy Jack" Eckert, champion fat man of the world, is in Circleville at the present time, with the Sheelsy Street Carnival company, and this week was presented with a gold medal which was offered by a newspaper syndicate to the largest fat man in the world.

Eckert is 34 years of age and tips the scales at 739 pounds. Jack is fat, fat, fat—and then some; and then some more.

However, it is because of his fatness that he draws a liberal salary, and it is due to his mountain of flesh and bone that the natives pay a fee of ten cents to get a glimpse of him.

CLAIMS GERMANS SINK 7 ENGLISH WARSHIPS

Report Circulated In New York Lacks Confirmation.

New York, Aug. 14.—A rumor was current on the Maritime Exchange that a flotilla of seventeen German torpedo boats had sunk a whole squadron of seven English dreadnaughts off the Humber, east coast of England. The New Yorker Herald got out an extra telling about the report,

but could get no confirmation of it. The engagement, according to the report, took place last week. The Herald's announcement read: "The question: 'Why has England been so silent about the doings of her fleet in the North sea?' seemed to be answered in overwhelming fashion on the Maritime Exchange. There it was reported that as long ago as last week a German torpedo boat flotilla of seventeen ships destroyed a squadron of seven English dreadnaughts, among them England's pride, the Iron Duke. The seven battleships were destroyed and only one of the German torpedo boats was sunk."

BIG LOAN OPPOSED

Washington, Aug. 14.—President Wilson was confronted with the problem of whether American bankers shall be permitted to float loans in the United States for any of the countries engaged in the European war. Though the president has not reached a final decision, he is strongly opposed to the idea. The question arose through the desire of J. P. Morgan & Co. to float a loan of several hundred millions dollars for the French government. Inquiry was made of the state department by the Morgan firm as to whether the flotation of such a loan would be regarded as a violation of neutrality.

MARRIED THIS WEEK AT NIAGARA FALLS

The Mt. Sterling Tribune has the following notice of the marriage of Miss Etura Parrett, daughter of Mr. and Mrs. Ed Parrett, of Madison Mills:

"Mr. C. W. Crum, of Mt. Sterling, and Miss Etura Parrett of Madison Mills, were married at Niagara Falls, N. Y., at 3:30 p. m., Wednesday, August 12.

"Mr. and Mrs. Klein, of Cleveland, who accompanied the party, gave a six o'clock dinner at the Statler hotel, Buffalo, N. Y. Those present were, Mr. and Mrs. Joe O'Brien, of Mt. Sterling; Mr. and Mrs. Reiding, Mr. and Mrs. C. A. Strong, Mr. and Mrs. Zinke, all of Cleveland.

EMPIRE THEATER.

John W. Vogel's Big City Minstrels travel in swell private cars, and when they appear here Friday, August 14th at the Empire, they will appear in rolling palaces that cost a fortune, and afford comfort and luxury. The minstrels of today do not fly-by-night to escape the tavern-keeper; neither do they tour overland by horse-power, as did the "old-timers" for many a year, as has since been revived by references in many tales of fiction and allusion in the rural dramas of the stage. And with all the fame of the cross-road pioneers, they were lucky to take in as much money in a week as Vogel gathers in a day. Indeed this is an age of huge affairs.

UNSANITARY POOL IS ELIMINATED

Through the efforts of Health Officer Byron the large pool of stagnant water, which stood in the Pennsylvania yards near the stock pens on Sycamore street and caused residents much annoyance, has been eradicated, and in its place is a spread of cinders placed there by the railroad.

When the attention of the Board of Health was called to the pool, action was taken to have the old pool abolished, as it offered an ideal place for breeding mosquitoes, and threatened

the health of the surrounding community.

As a result the railroad company drained the pool and then gave the place a liberal dressing with cinders, so that the water has been abolished forever and the sanitary condition of the vicinity greatly increased.

Health Officer Byron working under the Board of Health, has been very active in the work of safeguarding the health of the city.

The Picnic Season

There is more reason than rhyme in the old saying, "All work and no play makes Jack a dull boy". The constant routine, the strenuous striving, the increasing alertness which is demanded by the work of today tends to either leave the worker nervous and keyed up or dull and lifeless. It is owing to the character of the work in which engaged which condition is reached. Either one is bad enough.

But the summer season with its call to the outdoors, is the time when it seems hardest to bore down to constant work.

It is the time when every harbinger of nature, brook and bird and flower, lures to the open, and when nature with its soft, warm breeze, soothes and rests as at no other season.

It is above all else the picnic season, when the picnic hamper, with its tempting picnic viands is more popular than the formal indoor dinner, and when the comfortable outing attire for the time being has no rival.

Few indeed but find time for a picnic outing during the summer months. Even the unwelcome "jigger", with his willingness to stay "right with you", and all the rest of the crawly, creepy things are endured for the fun of the picnic, with picturesque stream and woods, and all the attendant pleasures of the out-door drive and supper.

While the little picnic, with its congenial party, will always be one of the summer's chief delights, there has sprung up in the last few years a tendency to foster the big picnic, and as soon as the busy harvest season is over there are neighborhood picnic gatherings that are on the order of miniature county fairs.

Some of these picnics have attained the dignity of annual affairs and are looked forward to from year to year with anticipation only second to that of the county fair itself.

Such an affair was the Bloomingburg K. of P. picnic in the beautiful Rogers' grove above the burg. It is always, pure and simple, a picnic for a good time—ball games, races, athletic events, merry-go-rounds, music—everything that the popular order of K. P. and its efficient management can devise for the entertainment of the crowd.

Every year brings together more people from more remote territory to share in a picnic heralded far and wide for its jolly good time and beautiful surroundings.

Similar in kind the annual field day at New Holland, held in the perfectly kept Kirk grove and bringing together the largest crowd ever united in that section.

The Fayette-Madison picnic and the Farmers' picnic at Lyndon, tend more to the special interests of the farmers, but both draw from wide sections of country and provide a day of true picnic visiting and feasting.

While the picnic season beckons alike to town and country folk, the big picnic is the special Mecca of the farmer, who after the long season of planting and reaping, with another busy time before him, doubly enjoys meeting friends seldom seen amid the freedom and good time of the picnic.

August is the great picnic month, and the time for vacation outings, and this year the number of picnics all over the county, has given unusual opportunities for pleasurable outdoor reunion. These big picnics tend to foster community interests and accomplish a double purpose—the original one of a day's fun, and the no less important one of drawing the people together and giving them opportunity for widening interests.

There Isn't Any Danger In America of Intelligent Women Going Mad Over Boxing Matches

By Dr. ANNA HOWARD SHAW, President National Suffrage Association

A CROWD OF WOMEN WATCHING A FIGHT IN THE ARENA IS NOT A NEW SPECTACLE. IT SOUNDS LIKE A PAGE FROM ANCIENT HISTORY AND DOES NOT POINT TO THE DETERIORATION OF IDEALS HELD BY WOMEN, AS SOME WOULD HAVE US INFER. IT IS MERELY THAT SOME ENGLISHMEN HAVE GROWN TIRED OF THE FORM OF SOCIAL INTERCOURSE WHICH IS OF A FORMAL KIND AND HAVE SUBSTITUTED A NEW EXCITEMENT. WOMEN WHOSE INTERESTS ARE PURELY SOCIAL HAVE FOLLOWED THEM THOUGHTLESSLY ENOUGH. IT IS NOT THAT THEY ARE CRUEL OR HEARTLESS, BUT SIMPLY THOUGHTLESS AND UNOCCUPIED.

I believe that one of the strongest arguments for suffrage is that of its educational value. Here in America we stand IN NO DANGER OF HAVING OUR INTELLIGENT WOMEN GO MAD OVER BOXING MATCHES because they have their time and their minds too much occupied with other things, and suffrage is one of the things. We can claim no superiority to the Englishwoman.

Poetry For Today

THE INVADERS.

They are coming, they are coming,
Ten hundred thousand strong;
With resistless force they're moving
Half a hundred roads along.
Not a power on earth can stop them
As they come in serried ranks,
From Missouri's turbid water
To the Mississippi's banks.
Clad in service coats the greenest
That the land has ever seen.
They are moving, they are moving
With a confidence serene.
And no one dares oppose them
As they press forever on
From the falling of the evening
To the rising of the dawn.
Though knives be drawn against them,
They advance and falter not;
For their hearts be ripe for conquest
And they fear no hostile plot.
They are coming, they are coming
Ten hundred thousand strong,
Those home-grown watermelons
Half a hundred roads along.

RELIEVING STRANDED

Five Army Transports Will Be Sent Abroad.

Washington, Aug. 14.—Five army transports and the big Panama railroad steamer Cristobal will be sent abroad to bring home stranded Americans in the war zones. These vessels, which will sail as soon as they can be made ready, will accommodate 8,000 persons, several thousand more will be taken care of by ships to be chartered at foreign ports, and regular liners under neutral flags are expected to afford transportation within the next thirty days to about 9,000.

Secretary Garrison laid this outlook before the national relief board and received approval of his plan to dispatch government vessels. It was agreed that if 20,000 Americans in addition to those who already have arranged for transportation can be brought home within the next few weeks the relief problem practically will be solved. Ambassador Page at London reported that he had authorized the chartering of a steamer there. Ambassador Page at Rome is expected to get a ship with accommodations for 1,000 passengers.

AGREE ON SCALE

New Philadelphia, O., Aug. 14.—The operators and miners of district No. 6, including all of Tuscarawas county, agreed upon a wage scale. The settlement is favorable to the miners. This was the third conference held since the miners left the mines April 1. Three thousand miners in this county have been idle since that time.

START FIGHT IN NEW YORK

New York, Aug. 14.—Calculations of all party managers were knocked galley west by formal announcement from John A. Hennessy and Assistant Secretary of the Navy Franklin D. Roosevelt that they would enter the state Democratic primary as anti-Murphy candidates for governor and United States senator. Mr. Hennessy made his declaration at his home in Brooklyn. At the same time Mr. Roosevelt, by prearrangement with Mr. Hennessy, made known his candidacy in Washington. Mr. Roosevelt was careful to say that he was doing this without the knowledge of President Wilson. Not only will there be a full state ticket headed by Mr. Hennessy, but special effort will be made to elect an anti-Murphy state committee and county committeemen in every county.

FREDERIC A. DELANO, RAILROAD MAN, GOES ON THE RESERVE BOARD.

Washington, August 14.—Frederic Adrian Delano, of Chicago, who was recently appointed a member of the federal reserve board, is one of the best known railroad men in the country. He was formerly president of the Wabash and in 1911 was named as one of the receivers of the road. Mr. Delano was born in China, but lived most of his boyhood at Newburg, N. Y. He began his railroad career with the Chicago, Burlington and Quincy. His rise was steady and deserved.

NORTH SEA BATTLE

London, Aug. 14.—In a statement reassuring British commerce, the British admiralty excepts the North sea. Heavy firing has been heard as far south as Dover, but no news of the British and German fleets has been given out. The British fleet in the Mediterranean has been ordered to attack the Austrian fleet, which was last reported in the Straits of Otranto. A strong French fleet which is now in the Mediterranean may cooperate with the British ships in this attack.

THREE MEN KILLED TWO MORE MAY DIE

Royal Blue Flyer No. 55 Hits Automobile at Highland Last Night and Exacts Deadly Toll.

VICTIMS PROMINENT AND WELL KNOWN HERE

Charles Dewey, George Haas, and R. E. Bonny, Instantly Killed and James Adams and Chas. Hickson are Probably Fatally Injured in Shocking Tragedy.

Three men were instantly killed, two injured, and the Royal Blue Flyer No. 55 on the main line of the B. & O. S. W. was nearly wrecked at Highland, between 11 and 12 o'clock Thursday night, when an automobile was struck by the train while the flyer was dashing through Highland at 70 miles per hour.

The Dead: Charles Dewey, proprietor the Leesburg elevator; George Haas, hardware dealer, of Leesburg; R. E. Bonny, chauffeur, of Leesburg.

The Injured: James Adams, lumber dealer, Leesburg; Chas. Hickson, banker and former postmaster, Leesburg.

Where the men had been could not be learned, but they were returning to Leesburg at a late hour and had just started to cross the B. & O. in Highland, when No. 55 dashed down upon them, going down-grade and running at terrific speed.

In an instant it was all over. The big touring car, owned by Mr. Adams was reduced to scraps and three of the occupants were instantly killed and horribly mangled, while Mr. Adams and Mr. Bonny were probably fatally injured.

The train was stopped as quickly as possible and run back to the scene of the tragedy. Adams and Bonny were picked up and rushed into Cincinnati, where they were taken to a hospital at Cincinnati and placed under the care of surgeons. Both will probably die, as their injuries are such that death will probably result within a few hours or a few days at most.

No blame is attached to the train crew for the terrible accident, as the engineer is said to have given the usual warning whistle before reaching the fatal crossing, and the train could plainly be seen by the approaching automobile party.

News of the tragedy quickly spread and within a short time scores of Leesburg citizens were upon the scene.

Mr. Dewey operated the elevator and mill at Leesburg, and formerly managed the Glendon elevator in this county. He is well known in this city and county, as are most of those included in the tragedy.

George Haas operated a large hardware store in Leesburg. He leaves a widow and one son and one daughter. He was about 55 years of age.

Bonny, the chauffeur, leaves a widow. His home was formerly in Lima, and it was probably due to carelessness upon his part that the machine was struck by the blue flyer.

James Adams, lumber dealer and contractor of Leesburg, in whose machine the party was riding, was horribly cut and bruised. It is thought he is internally injured.

Charles Hickson, former postmaster of Leesburg, and one of the heavy stockholders in the Leesburg bank, had one leg broken, was cut and bruised and internally injured.

The men were among Leesburg's foremost citizens, and their fate has cast a deep gloom over the entire community about Leesburg.

Their numerous friends in this city unite in sorrow with friends in Highland county.

Fourth Victim Dead.

A report reached this city Friday late that Hickson had succumbed to injuries sustained in the accident Thursday night. This report has not been verified.

AUTOS COLLIDE ON DEVALON ROAD

While rounding a turn in the Devalon road at a point just north of the Judy school house, two automobiles, one owned by A. C. Henkle and the other by the Washington Candy Company, crashed together Thursday night, and the Henkle machine was badly damaged.

The Washington Candy Company machine was very little damaged, and was able to continue to this city by its own power. The Henkle machine was left by the roadside until Friday morning, when it was brought to the Ortmann garage for repairs.

GETTING PICTURES FOR BOYS' ROOMS

A set of six pictures, strongly framed and of good size, are being purchased by the Y. M. C. A. for the boys' department. The set includes three of the famous Remington reproductions and three of the Arabian Nights series.

Although it has not been decided it is probable that the junior department of the Y. M. C. A. will be located on the second floor of the main building, as formerly. The rooms will be decorated with the pictures, pennants, etc., and game tables will be installed, according to present plans.

WANTS A DIVORCE

Wilful absence is the grounds for divorce in a suit filed by Harry H. Stewart against his wife, Lulu Stewart. Stewart is a resident of this county and claims that they were married in 1911 and that his wife has been wilfully absent from him for more than three years. W. B. Rogers, of Washington C. H., is attorney for the plaintiff.—Chillicothe News.

Harvey Schlegel, of Union township, was removed to the home of his sister, Mrs. Eliza Schube near Washington C. H. Wednesday in Lowrey's motor ambulance. Mr. Schlegel is seriously ill with a complication of diseases.

Fall Styles for Men

Discussed by Arthur J. Burgett
THE NOBBY TAILOR

As in the past, it shall be my endeavor this season to produce such garments as will help establish a standard that will educate my customers to know and appreciate the best.

Improvement will keep step with the growth of my business. My slogan is still—"Individual Distinctiveness." I am imbued with enthusiasm for my work and carry it through with the determination to excel.

GARMENTS FOR YOUNG MEN

I have studied their needs from every point of view and believe that I have mastered the art of catering to them, accentuating their peculiar wants without running into the extreme of exaggeration.

In the selection of fabrics for young men I have borne neatness and nattiness in mind rather than freak patterns and so in the making of the clothes I aim to create something that will delight the eye and satisfy the craving after attractiveness.

PROPER FABRICS FOR FALL AND WINTER.

The fabrics which will be most in demand for this season will be Cassimeres, Wool Cheviots, Worsteds, both clear finish and unfinished.

Pattern effects will be neat, genteel designs from very narrow silk stripes to broader effects. Neat and bold check effects will be worn by those who want the more conspicuous designs.

Green ground colorings with harmonious contrasting colors will be worn by those who desire the very newest combination of colorings.

The very bold, loud patterns and colorings, which formerly were so much worn, are no longer in demand by those who aspire to dress properly.

THE EXTREME ENGLISH SOFT FRONT COAT.

The demand for this style of garment, especially for young men, still continues unabated.

The coats will be worn rather short this season. The sleeves will be cut quite narrow, tapering to the cuff.

REGULAR BUSINESS SACKS.

Those who desire garments that are not extreme as far as shoulders are concerned, would recommend the regular shouldered coats. Garments of this character can be made from any model I show. Likewise, any model can be made with narrow English shoulders, if so wanted.

VERY WIDE SHOULDERS.

The demand for the extremely broad shouldered coat has almost disappeared. I can make this style of garment, however, if any customer should wish his garment made that way.

BRAIDED SACKS AND CUTAWAYS.

There has sprung up recently a demand for this style of garment. The proper fabrics for braided coat should be plain ground colorings, black or blue undressed Worsteds, Vicunas in black, blue, oxford and grey. Striped trousers will be very much in demand.

OVERCOATS.

You will find by looking through my overcoatings that I have the very newest things in overcoats. They range from the latest genteel conservative sack overcoats to the extreme loose, baggy, Raglan or Balmacaan coat. The Balmacaan coat has become so popular as a general purpose coat that the woolen mills are making what are known as exclusive Balmacaan materials. I have put in an extensive line of them. I will show in this line genuine Balmacaan patterns in English mixtures, Tweeds, Cashmeres and Cheviots—all wool. The price of these coats will be \$13.50 to \$22.50, and I want to say right here that every Balmacaan buyer should see these patterns.

SHOES FOR MEN.

What I have said about fall clothes for men, the same will apply to the shoes. The man that buys the English suit should wear the English shoe and the conservative suit with the conservative shoe.

I have secured one of the best lines

SHIVELY LEAVES FOR SPRINGFIELD

It is with hearty congratulation, tempered with a keen regret that the many friends of Mr. and Mrs. C. P. Shively witness their departure for their new home in Springfield, where Mr. Shively is to assume charge of the German department of the high school and the school athletic department.

Mr. and Mrs. Shively left Washington Friday. Mr. Shively will begin his duties in the City of Homes with the opening of the school year. During his brief but valuable connection with the local high school Mr. Shively although a young man, has proven himself to be a teacher of unusual ability, and his many successful pupils suffer a genuine loss with the severance of his connection here. Mrs. Shively also will be sorely missed by her large circle of friends and acquaintances.

PRICE OF SUGAR HIGHEST SINCE THE GREAT CIVIL WAR

Sugar Barons Boost Prices Until \$8.15 Wholesale Is Quotation This Morning and Prediction is Made That It Will Go to \$9.50 or Even Higher—Flour and Beans Take Sharp Jump.

The great boost given the price of sugar, presumably by the gigantic Sugar trust in the United States, is causing a general decrease in the amount of sugar used, and a general demand that the boost be sifted to the bottom and the speculators punished.

Friday morning the price quoted on sugar was \$8.15 per hundred lbs., wholesale, and a further advance was predicted for Friday, Saturday and Monday.

It is predicted that the price will continue to soar until it reached \$9.50 per hundred pounds, which means that it must retail for approximately \$10 per hundred pounds.

The dealer as well as the consumer has witnessed in ten days' time, the price of sugar run the gamut

from the lowest price ever known, to the highest price probably since the Civil War.

Ten days ago sugar was retailing as low as \$4.65 per hundred pounds, or \$1.15 per 25 pound sack. Now a sack of 25 pounds costs \$2.25, and there is reason to believe the price will go still higher.

The sugar barons are the ones blamed for the increase in price, and it is welcome news that President Wilson has ordered a thorough investigation of the high prices on sugar and other staples.

Beans have advanced \$1 on the bushel, and coffee has gone up 2c per pound.

The next sharp advance in food-stuffs is expected to be in flour, as the wholesale price has been boosted from \$1.50 to \$2.00 in order to keep pace with the price of wheat.

So far as known the retail price of flour has not yet materially changed, but dealers whose supply is exhausted will be forced to pay the increased wholesale price and must sell it accordingly.

paraded the principal streets at noon today and reminded one of the good old-time minstrels with their bright yellow broadcloth suits and parasols. The best musical organization that has graced this city for many a day, ripped off everything from ragtime to grand opera, much to the delight of the small boy and his big brother. The interest evidenced by the on-lookers was a pretty good sign that minstrelsy is still the popular form of amusement for average American citizens.

Vogel maintains a reputation for the excellence of his performances and couples with the fact that he is carrying the largest company in his history, according to the press accounts, the devotees to music and laughter will have an opportunity to enjoy themselves tonight at the Empire theater.

Another grand free concert will be given at 7:15 this evening in front of the theater. A carefully selected program will be given ranging from ragtime to grand opera.

MULDOONS HERE AGAIN SUNDAY

The Cincinnati Muldoons, for the second time this season, will do battle with Noon's Athletics on the local grounds Sunday. Manager Noon is availing himself of every opportunity to strengthen his team for this game.

The reputation of the Muldoons is not all dope. They played here, it will be distinctly remembered, a few weeks ago and in what is generally conceded to be the best game of the season defeated the Athletics by a score of 4 to 0.

In Sunday's game the line-ups of both teams will be about as before and a crowd is assured.

SPRINGING BOARD A POPULAR FEATURE

Physical Director J. W. McClung, of the Y. M. C. A. has completed the installation of the springing board at the Y. M. C. A. natatorium on W. Temple street, and it is proving itself a most popular feature. The board extends out over the water from the apex of a tower, itself some six or seven feet above the surface. The tower is reached either by a ladder or by a runway leading from the bank of the pool.

With each succeeding day the crowds of happy bathers grow and the women's class in swimming is especially popular. Thursday evening there were more than thirty "mermaids" disporting in the tank.

BIG CHANGES AT CHERRY HILL SCHOOL

Principal B. F. Toops, of the Cherry Hill school, is supervising and assisting with the complete transfiguration of the Cherry Hill school grounds and building interior. The work has been progressing for several days and will be complete about the first of September.

The improvements will include the redecorating of the school rooms and corridors and the construction of tennis courts, running track and other athletic courses on the outside.

DIAPHANOUS GOWN

\$100 PREMIUM PLACED ON WINNERS IN 2:10

The Fayette County Fair Company this morning decided on a novel plan to bring out the best there is in the horses that will compete in the forthcoming races at the fair.

Secretary Rogers this morning announced that the board has ordered an extra purse of \$100 paid to owners of horses that show a speed of 2:10 or better in any of the races. The object is to do everything possible to add to the racing zest and to make it worth while for horsemen to urge their racers to the limit. Doubtless the plan will greatly increase competition among horses capable of entering the 2:10 class and Fayette county fair-goers may look forward to some of the best racing ever seen on the local track.

The services of Mr. Earl Swepton, of Chillicothe, as official starter, have been secured. Mr. Swepton is recognized as one of the cleverest and most popular starters in Ohio.

The number of entries to date is considered phenomenal. Secretary

Rogers declares that at least two to one more entries are now in than at the same time last season, and still they come.

Among the attractions secured for the fair are the motordrome and Harry Hill's Wild West shows.

WILL OPEN ROAD WORK NEXT WEEK

Contractor Fred Mark has announced that next Monday he will begin the work of grading that part of the Bloomingburg and Midway pike to be paved.

The work will be taken up where the first paving ends, and efforts will be made to complete the work this winter.

The material for paving the road has been ordered and will soon be on the ground.

CARBAJAL HAS QUIT

Washington, Aug. 14.—General Furston cabled the war department that President Carbajal had left Mexico City and was supposed to be on the way to Vera Cruz.

This is the first definite word the administration has had on the situation in Mexico City for several days. It was stated by officials that while it was understood that President Carbajal was to quit his office and abandon the capital, no word had come through that he had actually done so. A complete report is expected at any time from the Brazilian minister.

EQUAL SUFFRAGE AND DRY PLANK

Willis May Insist Upon These In
Republican Platform.

ATTITUDE OF THE COMMITTEE

Majority of the Newly Elected Republican Body Said to Be Against Indorsement of Prohibition or Woman's Suffrage at Platform Convention—Democrats May Praise State License Act.

Columbus, Aug. 14.—A majority of the newly elected Republican state central committee is said to be against favoring the indorsement of prohibition or woman suffrage by the platform convention. As thus constituted, this committee could select a wet state executive committee of any size desired and thus influence the action of the convention to which the members of both these committees will be delegates.

It was said there was not much likelihood of the state central committee so acting, and that the nominee for governor, Frank B. Willis, would insist on a woman suffrage plank and for a radically dry plank, if not for outright prohibition.

The Democratic platform convention, it was said, would favor putting in the state platform nothing on the temperance question except a declaration in praise of the state liquor license law. Wet leaders will try to have the Democrats go further and declare for the repeal of the county option law.

The Progressive state convention doubtless will declare for statewide prohibition and woman suffrage.

While under the law all the platform conventions are to be held Aug. 25. It is optional with the state central committees to fix the place.

All three conventions will be held in Columbus on the same day.

That John H. Arnold of Columbus was nominated for lieutenant governor by the Republicans in the primary was indicated when practically complete returns were received here. With nearly every county heard from, Arnold had 84,301, James W. Caldwell of Toledo 58,570, and Albert H. Morrill of Cincinnati 35,599.

Democratic returns to the secretary from fifty-one counties gave Governor Cox 82,000; John J. Whitacre, 38,000. With the exception of Lucas and Summit, the counties not reporting contain no large cities. It is estimated that the Cox vote will run over 160,000 and the Whitacre vote over 50,000.

It is estimated the total vote cast at the statewide primaries was less than one-third the presidential vote of 1912. The Progressive vote will be under 10,000.

GERMAN WARSHIPS READY TO FIGHT TO THE DEATH TO WREST SUPREMACY OF HIGH SEAS FROM ENGLAND

Germany is reported to have assembled her entire high sea fleet in the North Sea and Baltic Sea, with the Kiel canal as the connecting link between the two bodies of water. Although greatly outnumbered, German ships are modern fighting machines that are dangerous to encounter, and the German seamen are sterling fighters. The world awaits news of the expected naval clash in the North Sea.

TAX ON LIQUORS TO BE INCREASED

Action Planned to Boost Internal Revenue By \$100,000,000.

BEER TAX WILL BE DOUBLED

Tobacco, Proprietary Medicines and Other Articles Also to Come in For Extra Assessments—Congressional Leaders Hold Conference With Secretary of Treasury—Condition of Uncle Sam's Strong Box.

Washington, Aug. 14.—Congressional leaders planned quick action to increase the internal revenue by \$100,000,000 to offset curtailment of customs revenue expected during the European war. Senator Simmons, chairman of the senate finance committee, and Representative Underwood, chairman of the house ways and means committee, are in conference with Secretary McAdoo. Later the situation will be laid before President Wilson.

It was definitely agreed to confine the increases to the internal revenue taxes, instead of attempting to change in any way the customs duties. An extra tax on liquors, possibly including doubling the \$1 a barrel now assessed upon beer, is the first plan to be discussed. There was talk not only of increased tax on liquors, but on tobacco, proprietary medicines and other articles.

Both Senator Simmons and Representative Underwood expressed gratification over the present sound condition of the treasury. "There is no treasury deficit," said Senator Simmons later. "But we do not want to wait until there is a deficit before acting. It is absolutely necessary that the confidence of the people in

the financial soundness of the government shall be maintained at a time like this."

Underwood said that while the treasury surplus might be sufficient to cover the falling off in customs, it would take Europe a long time to recover normal business relations.

SHIP PASSES THROUGH CANAL IN 8 1/2 HOURS.

Washington, Aug. 14.—The first steamship to pass through the Panama canal—the Cristobal—made the trip from the Atlantic to the Pacific in eleven and a half hours. The return trip, however, was made in eight and a half hours, which probably marks the average time that will be consumed by merchantmen when all of the machinery of the canal is in smooth operation. Tomorrow the Ancon, sister ship to the Cristobal, belonging to the Panama Canal Railway company and of 9,606 tons, will make the official trip. The canal will be officially opened tomorrow.

PRESIDENT POINCARÉ OF FRANCE COOL AND CALM IN WAR CRISIS.

President Poincaré of France is considered a man of peace. But the European situation found him prepared to defend his nation against the German invasion. He was on a mission of peace to the Scandinavian nations when the war cloud became so black that he hastened back to Paris and ordered the troops mobilized. He rose to the occasion coolly and calmly. The French have been waiting forty years to pay back the debts of the Franco-Prussian war, and President Poincaré did not have to be a man of war to urge his people to fight.

PRESIDENT POINCARÉ

THORIUM SCARCE

Columbus, Aug. 14.—Owing to the prospective shutting off of the supply of thorium from Germany, it is probable that the gas mantle factories located here will be obliged to close.

BULLETINS

By Associated Press.

Washington, August 14.—Volunteers who have worked with Ambassador Gerard in Berlin, have made it possible for the Embassy in Berlin to restore almost normal conditions among Americans in Germany, according to a report received today at the State Department.

Paris, August 14.—It is reported that an engagement occurred between Belgians and Germans at Geet-Betz, 5 miles south of Haelen. The Belgians fired heavily on a detachment of 400 Germans who retired hastily.

Paris, August 14.—The Havas agency announced that Field Marshal Sir John French the commander-in-chief of the English field army, joined General Joseph Joffre, the French commander-in-chief, at headquarters today. The locality is not mentioned. An official announcement says that a large number of French troops have entered Belgium and are proceeding from Charleroi to Gembloux, ten miles to the northwest of Namur.

PRIZE TAKEN AT MONTREAL

By Associated Press.

Montreal, August 14.—The Austrian steamer, Ida, 4700 tons, which sailed from Trieste and Naples before war was declared, reached here last night and was taken over by the marine department at Quebec today as a war prize.

GOVT. STORE THREATENED

London, Ontario, August 14.—An attempt was made early today to burn the store building of the Canadian Ordnance Corps and a soldier of the corps who discovered the blaze was shot in the hand by the incendiary.

NOTICE

To Chauffeurs of Fayette and adjoining counties.

The State Examination for chauffeurs will be held at Washington C. H., Ohio, on Monday, Aug. 17, at the office of District Tax Assessor in the court house, beginning at 8 o'clock a. m.

All persons who drive for hire or work in garages are required to have a state chauffeur's license. This will be your last opportunity to take this examination at Washington C. H. and all those who do not take advantage of it will be compelled to come to Columbus for their examination in the future.

R. F. Nadig,
District Examiner.

Keeping Your Word.

The following quotation from De Morgan's "When Ghost Meets Ghost" may help a few to see the moral issue more clearly. Mr. Jerry began feebly, "You can't do more than keep your word, Mo." "Mo, a fine old ex-prizefighter, replies:

"Yes, you can, Jerry. You can keep your meanin'. And you can do more than that. You can keep to what the other party thought you meant, when you know. I know this time. I ain't in a court o' justice, Jerry, dodgin' about, and I know when I'm square by the feel."

Farsighted.

"I kept my husband on a string five years before I consented to marry him."
"Why so long?"
"Well, you see, I waited until I could see his way clear financially!"—Lippincott's.
